The township issues a site permit indicating that what you plan to do is allowable under the zoning rules. In most cases this is all you will need. **Exception:** All dwellings and any structure in which a person could sleep, even if only for one night in a year period, must also obtain a building permit from the State of Wisconsin. These are issued by Mike Parott. Failure to obtain the building permit before the start of construction will incur a substantial fine, which if you refuse to pay, will be added on to your taxes.
